eXtplorer - PHP-based File Manager - Fehler #131

Strict standards errors in PHP versions greater than 5.3.5

07/25/2013 03:49 AM - Randy Corbitt

Status:	Erledigt		
Priority:	Normal		
Assignee:	Sören Eberhardt-Biermann		
Category:	Bug		
Target version:	2.1.5		
eXtplorer Version:	2.1.2	**Joomla! Version:**	none

Description

Doesn't work on PHP versions greater than 5.3.5 and has strict standards errors in PHP versions greater than 5.3.5 for standalone version 2.1.3. Even tried the svn trunk version and is the same.
