

eXtplorer - PHP-based File Manager - Fehler #356

Password not set for new user.

08/28/2017 07:56 AM - Saud Iqbal

Status: Neu	
Priority: Normal	
Assignee:	
Category:	
Target version:	
eXtplorer Version: 2.1.1	Joomla! Version: none
Description	
When I try to create a new user this is what I get	
<pre>array('user','*','/var/www/xxxxxxx','http://xxxxxxx.com','0','1',1),</pre>	
(I replaced my directory and domain with x)
