Description

Hi,

Please contact me if you are able to work with me on fixing all bugs, in return for the donation.

Please see my sites:

http://networkcities.com
http://seohost.us

I want to use your nice extplorer, replacing ajaxplorer, but there are some issues that need to be fixed:
- Permissions
- Hidden Files
- Compress/Expand zip/tgz files
- And better security.

Looking forward to hear from you soon,

Robert
